2027 Yılının Anıları, written by Cetin Altan, is a futuristic work which has utopic characteristics. It aims at displaying the living conditions and the form in which the world will be reshaped in the future, making comparisons between the late 20th century and 2027. While one is in search of a better and improved life, some negative aspects also take their place within the fictional world of the narration. This novel in which the science-fiction as well as fantastic elements are also included, has a characteristic of a modern utopic future.

Keywords: Çetin Altan, 2027 Yılının Anıları, novel, utopia, science-fiction, fantastic.
